

Nature Explore Workshops

The Arbor Day Foundation and Dimensions Educational Research Foundation proudly invite you to a Nature Explore workshop devoted to reconnecting children with nature.

**Workshop Location: Children's Country Day School
1588 Victoria Rd South Mendota Heights, MN 55118**

WORKSHOP SCHEDULE

Saturday, September 18, 2010

9:00 a.m. – 12:00 p.m. Choosing Effective Indoor and Outdoor Materials

Some of the most important decisions educators make for preschool and elementary children relate to careful selection of materials and thoughtful planning of indoor and outdoor environments. In this workshop you will learn more about why adults need to manipulate materials personally and understand the properties of materials to best support in-depth, hands-on learning.

Various learning theories and how they relate to teaching with a variety of commonly used and inexpensive materials, including materials from nature, will also be explored. Through this workshop, you will benefit from the helpful tools and strategies that Dimensions Educational Research Foundation has developed to assist educators in making these important decisions.
